**An Evening at the Strand—Successful!**

Thank you to all involved in our October AAUW Branch meeting, “An Evening at The Strand” in Hudson Falls. Jonathan Newell presented us with the background history as well as the present working progress that the Theater is undertaking. He also entertained us by playing several musical pieces on the Grand Steinway Piano. What a treat!

Our proceeds for the Educational Opportunities Fund (EOF) Fundraiser amounted to $476, thanks once again to the generosity of our members and guests. The total amount for the year is $556, which includes donations submitted this dues renewals.

**Fair Representation and Redistricting—How the Lines are Drawn**

On October 3, 2017, the U.S. Supreme Court heard oral arguments in *Gill v. Whitford*, a case challenging partisan gerrymandering in Wisconsin. Gerrymandering — the practice of drawing electoral district lines to benefit one political party — poses serious problems for our democracy. In jurisdictions nationwide legislators have drawn maps that allow them to choose their voters rather than enabling voters to choose their representatives, a reversal that undermines the concept of fair representation.

AAUW has long advocated expanding voting rights and ensuring equitable political participation and representation. But poorly drawn or purposefully unfair electoral district lines can threaten these ideals. With the 2020 census looming, many advocates, legislators, and judges are taking a hard look at their electoral district boundaries. **Five States and Puerto Rico Passed Equal Pay Laws**

In 2017, California, Colorado, Delaware, Nevada, Oregon, and Puerto Rico enacted legislation designed to close the gender pay gap through various strategies.

*California, Delaware, Oregon,* and *Puerto Rico* passed bills to prohibit employers from using a job applicant’s salary history during the hiring process. Dozens of other states introduced (though did not pass) similar legislation, and Gov. Andrew Cuomo (D-NY) issued a statewide executive order addressing the issue for state government employees in *New York*. Read more at [aauw.org/2017/10/13/state-equal-pay-victories-in-2017/](http://aauw.org/2017/10/13/state-equal-pay-victories-in-2017/)
AAUW Educational Opportunities Fund (EOF)

AAUW’s fellowships and grants have helped scholars overcome barriers to their education and advancement for almost 130 years. Recipients have become leaders in business, government, academia, community activism, the arts, and the sciences.

For the 2017–18 academic year, 250 women and community projects serving women and girls will receive $3.7 million from AAUW.

This level of funding for women’s education and projects has a tremendous impact on women and their communities by expanding women’s potential and supporting their future promise.

By easing the pressure of financing their academic and community work, AAUW’s awards help women tackle the growing burden of student debt and focus their efforts on the task at hand: developing the skills and confidence they need to excel in their fields.
